

Enjoy some networking at the Crocodile Bar or relax between two sessions of intense talks.

The ECCL has many spaces where you can meet with colleagues for a drink and share experiences made during the day.

Besides the large meeting rooms, the ECCL also allows, thanks to smaller lounges, to organize spontaneous meetings.

HEMICYCLE

DESIGN & RETRO GATHER IN ONE PLACE

The Hemicycle, kindly called "De Klengue Kueb" in Luxembourg, was once dedicated to host the European parliament. This amphitheater is a part of the history and could be the perfect place to anchor your event in memories. This unique set up in Luxembourg can accommodate up to 646 guests (with 169 additional guests in tribunes).

With an outstanding panoramic view over the city of Luxembourg and its historic fortifications, the Hemicycle bar is modular to suit most requirements: 400 people seated at round tables for banquets, 500 people standing for cocktails and receptions.
